The Wall is a traveling 3/4 scale replica of the Vietnam Veterans Memorial in Washington, D.C. Dedicated to Vietnam veterans and honoring all U.S. service-men and women, the faux-granite replica is 240 feet long, eight feet high and contains the names of more than 58,000 Americans who died or are missing in Vietnam. The replica is a service for those who might never visit the nation's capital to experience "The Wall" firsthand.
